

# TESTS PROVE THAT CHEVUPS ARE JUST AS GOOD DURING WINTER

Winter won't care if you add weight by eating fat-enriched foods and exercise less. But your body will. So eat Chevups with 100% pure beef, one of the body's best sources of energy - iron. Chevups contain no gluten and 66% less fat than the typical BBQ beef sausage. Look for Chevups in the meat section and buy them at your nearest Action Supermarket, Coles, Dewsons, Farmer Jacks, Foodland, Supa Valu and Woolworths supermarkets. Insist on the original Gourmet Chevups.

THE NAKED SAUSAGE
